

## 2017 ADMISSION OF NON-EU CITIZENS

We are pleased that you have chosen our university for your academic studies. Considering this opportunity, we want to inform you about the conditions regarding the admittance within our university.

The enrollment within the academic education in Romania is conditioned by obtaining a **Letter of acceptance for studies** from the Romanian Ministry of National Education. For the issuance of this letter, you must send us a complete admission file. Please carefully consult the list of necessary documents. These documents have to be submitted by e-mail to: [admission-info@utcb.ro](mailto:admission-info@utcb.ro). **The deadline is 25/07/2017**

Upon registration within our university you must provide **in original all documents** of which copies were sent by e-mail, together with 2 photos – passport size. Diplomas and the birth certificate will be accompanied by certified translations in Romanian. Before starting the academic year, a test will be taken which verifies your proficiency in English or French (for the candidates who choose to study in these languages), or in Romanian (for the candidates who choose one of the faculties where tuition is in Romanian). If it is proven that the level of language proficiency is under the minimum accepted level, the curriculum for the first semester will contain intensive courses for the study of the respective language. According to the existing regulations within the Romanian higher education system, the language test fee is 270 Euro. Persons that come from countries where the official language is the future instruction language at UTCB are exempted from this test if they can prove, with official documents, that they studied in respective language.

### **FIRST CYCLE - Bachelor's studies 4 years - 240 ECTS**

The Faculty of Engineering in Foreign Languages offers study programmes in Civil Engineering **in English** and **in French**. The Faculty for Building Services Engineering, offers a study programme in Building Services Engineering **in French**. For all, the duration of studies is 4 years full-time daily classes, leading after graduation to the title of engineer. The candidates who wish to attend their studies in Romanian may follow a preparatory year of Romanian language study, on request.

### **SECOND CYCLE – Master's studies 2 years - 120 ECTS**

UTCB provides two Master programmes **in English** „Structural Engineering” and „Interactions in the build environment” and two Master programmes **in French** „Inginierie des Structures” and „Eficacitate energetică des installations techniques du bâtiment”

### **THIRD CYCLE (Doctorate studies in Romanian, English or French)**

Graduates of 5-year undergraduate studies (4 years undergraduate + 1 or 2 years master) having an engineering degree (min. 300 ECTS) are allowed to register for a doctoral programme. Doctorate studies are organized as a full time (intra-mural) programmes. The period of study is 3 years (maximum 5 years). Activities within the doctoral programme (examination, reports, thesis) can be carried out either in Romanian or in a foreign language (English or French).

### **TUITION FEES**

For study programs of the 1st and 2nd cycle in **Romanian** the tuition fee is 2430 Euros /academic year. For **English** or **French** divisions the tuition fee is of 2700 Euros/academic year). For 3rd cycle the tuition fee is 2610 - 2900 Euros per year. In accordance with the Regulations regarding the student's activity in UTCB, following the payment of the tuition fee and the student's enrollment (both Romanian and foreign) no withdrawal or transfers to other universities are accepted with the reimbursement of the tax paid during the first year of study.

### **ACCOMMODATION and ADMINISTRATIVE ISSUES**

On request, the university can ensure accommodation on the campus of the university and meals at the canteen (the total cost being approximately 200 - 250 Euro/month). We are also taking into consideration (possibilities permitting) certain preferences: roommates of the same nationality, religion etc. As far as the study acceptance letter and the ensuing enrollment formalities are concerned, UTCB offers free assistance and counseling for all the stages : the enrollment, the resident permit, accommodation in the university campus etc. The academic year usually begins in early October and you can arrive at UTCB around this date.

**NOTE:** UTCB is one of the prestigious universities in Romania, with around 150 year- tradition in the Romanian technical tertiary education and with a widespread national and international recognition. The Romanian Agency for Quality Assurance In Higher Education (ARACIS) has qualified our university as having a **HIGH STANDARD OF RELIABILITY** and our graduates enjoy good appreciation both at home and abroad, being recognized as top specialists in their field.
